

Said it before, but I'll say it again: The protesters should not leave DC until it's ensured the country is taken back.

Don't throw away the opportunity. Trump should tell the protesters not to leave until it's completely assured his second term will happen. Otherwise it would've been entirely pointless for this protest to occur in the first place.

I don't care if Congress is shitty enough to illegally certify for Pedo China Joe. Trump needs to straight up call for the protesters to go scorched earth and arrest/kill all the traitors.

They don't deserve the win, they didn't earn the win, so Trump's forces should NOT leave DC until it's ensured that they can't enter the White House.

With how many protesters can't afford to stay for a prolonged period of time for a wide variety of reasons the sooner shit happens the higher chance of success

Occupy D.C. Just need to keep a big enough presence around the clock. Doesn't mean the SAME people need to be there 24/7.

▼ We need to travel in groups of at least 5 - 6 people with orders to attack any police that tries to arrest them.

Give them one warning to back off and if they don't... do what you gotta do to stop the democrat gestapo.

▼ Some people will stay, but most will leave.... UNLESS there is a critical flashpoint! If that happens, reinforcements will come. If it just becomes yelling, screaming, blowhorns and flag waiving, the event won't sustain itself.

▼ My prediction... 9/11 Patriot Style: When Trump wins, Declare additional state of emergency due to attack on USA. Shut down all air travel Take over ALL air traffic Million man militia army is in place. Provide weapons to vetted militiamen soldiers. Hold DC. Take over all fed bldgs. Arrest all law enforcement. Vett more soldiers from police. Repeat in all feral areas (cities, state capitols, hot zones) Assess world situation before opening USA to ANYONE... Just a few thlughts....

▼ I'd also contend the fight has to extended locally. We have state politicians whose feet need to be held to the fire. We also have to make sure these swamp rats don't think they have a place to escape. Make their home lives miserable. We don't give a crap about their "Our children are frightened" sob stories or their "Our neighbors are very upset" crap. It's THEIR fault.
This is how we turn the thousands at D.C. into an army of millions. Not every Patriot was at the Battles of Lexington and Concord.

4 "Protests" wont change anything. Take a page from the lefties, notice that they have defunded police in some places and have kept autonomous zones and have gotten politicians and corporations to bow to their demands via riots. What does that tell you about the effectiveness of riots vs protests?

▼ Ppl should stay back until the fuckery is fixed.
